

Elite Performance Intensive

THE 5-STEP SYSTEM FROM SPECIAL OPERATIONS

Could somebody else with your exact skillset
be achieving more than you?

If the answer is “yes,” then the real issue isn’t your skills or strategies. It’s that you’re underperforming your full potential...

Something inside you is causing you to do this:

Instead of this:

Most high performers try to “push through” with morning routines, biohacks, or a stronger why. But that’s like pressing on the gas while your handbrake is still on.

You don’t need more motivation. You need less resistance.

After coaching hundreds of 7–9 figure entrepreneurs, **Itamar Marani** discovered that the most effective path to elite performance isn’t about doing more, it’s about doing less - removing the internal blocks that quietly slow you down or cause you to go in the wrong direction.

Introducing: The Elite Performance Method

Vetted by The Mossad’s Chief Psychologist, this proven, step-by-step method developed by Itamar Marani unlocks elite clarity, focus, and execution. Itamar is a former Special Forces operative, Brazilian Jiu Jitsu black belt, international counter-terrorism expert, and trusted performance coach to hundreds of 7–9 figure entrepreneurs.

Itamar led multinational teams of Navy Seals and other Special Forces veterans. He managed assets in the 9-figure range as the chief of security for a billionaire, but quit after 3 years because of the lack of integrity in the work environment. He wanted to create a better life for himself and his future family.
